

DMPCC Presents: The Professional Certificate Program

The Professional Certificate Program was developed by the United States Postal Service in conjunction with industry leaders and nationally recognized postal consultants. The Professional Certificate Program is designed to provide opportunities for PCC members to receive training through the PCC and achieve the recognition that comes with continuing education.

The DMPCC will offer a number of mail-related educational opportunities throughout the 2012 calendar year by way of chapter meetings, special events and workshops. Certificates will be awarded to those PCC members meeting the following requirements:

To qualify for a Professional “Plus” Certificate:

- Attend 4 mail-related educational opportunities in 2012
- Assist with 1 PCC event in 2012

To qualify for a Professional Certificate:

- Attend 4 mail-related educational opportunities in 2012

Upon completion of the above requirements, you will be presented with your Professional Certificate by the Des Moines Postmaster. This will be done at a recognition ceremony at the end of the year. Be sure to display your certificate proudly as a sign of your commitment to continuing education and involvement in the mailing industry.
